

Light has been included in the ISE for the 10th consecutive year

Light S.A. (BM&FBovespa: LIGT3) (“Company”), the holding company of LIGHT GROUP, hereby announces that it has been included in the BM&FBovespa’s Corporate Sustainability Index (ISE) for the tenth consecutive year, for the period of January 2, 2017 to January 5, 2018.

The ISE was created by BM&FBovespa along the lines of the NYSE’s Dow Jones Sustainability Index (DJSI), and seeks to identify those companies with the best corporate sustainability practices, based on economic efficiency, environmental balance, social justice and corporate governance. The new portfolio comprises 34 companies with a joint market cap of R\$ 1.31 trillion. This value corresponds to 52.14% of the total companies’ value traded on the BM&FBovespa.

Commitment to sustainability is part of the Company’s Strategy, relying on the best corporate governance practices, with transparency, accounting, fairness and a constant dialogue with our stakeholders.
